Smith College
Northampton, Mass.

Dear Barbara:

WES-Middletown is playing host to a meeting of staff members of New England college radio stations on December 11 and 12. We should like to see as many representatives as possible from your station attend, since we feel a great deal of mutual benefit will derive from an open discussion of our common problems. The campus stations in the New England area are fortunate in that they are not separated by as great as are those in the west. Since this is true, there are greater possibilities for united effort on projects such as a Regional net, program and script exchanges, etc. In addition there is the question of the forthcoming FCC regulation-amendments on carrier current transmission, which will undoubtedly have a decided effect on our future operations. These are all good reasons why your representatives should attend this initial meeting. As an additional inducement, we hope to show a good time to all.

Try to get to Middletown by 4 p.m. December 11, as the opening session will get under way at 4:30. Connections can be made by train on the New Haven RR from Boston, Springfield, New York and New Haven to Meriden, where a connecting bus marked Middletown will take you directly to the campus. In addition, Greyhound bus lines operate through Middletown from Boston, New York and Providence. Connections can also be made by local busses from Hartford and New Haven. Meetings will be held at Downey House, the Student Union, corner of High and Court streets (the bus from Meriden leaves you at the door). Please let us know by Thursday December 9 how many of you are coming and when. The final session should be over by mid-afternoon December 12. We might add that meetings will not be continuous - there will be ample opportunity to relax and talk shop over the weekend. Please send out the enclosed post card right away so we can arrange for rooms. Any last minute queries can be phoned to our studios (Middletown, Conn. 1688) Thursday or Friday between 4 p.m. and midnight.

Sincerely,

Jay Wylie
